**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am writing the letter to urge you to consider keeping broadband access competitive. As a small business owner, having access to fast broadband services is very critical to maintaining and growing my business. Currently, I only have two providers and one of them being AT&T, which charges 3 times more than my current provider and with 3 times slower speed. Thank goodness we found the second provider, Sonic, that can provide us with the internet speed at the right price and we were able to upgrade our POS system and grow our business. I have learned that now, more than ever, if anyone wants to open a small business, having access to competitive internet services is very crucial to their growth and survival. I am truly speaking from a perspective of a first time business owner. Please keep our internet open and competitive.

Regards,

Mo Huynh
